Access	fingerprint (up to 50 prints), 6-digit codes (up to 100), app, key
Radio	Wi-Fi 2.4 GHz built in — no bridge required
Weather rating	IP54 keypad
Battery	rechargeable 5,000 mAh pack, about 4 months

2. In the box

Exterior keypad, interior body, bolt, strike plate, battery pack, USB-C cable, keys.

3. Setup

1. Replace the entire deadbolt: bolt, exterior keypad and interior body.
2. Charge the pack until the keypad shows 100.
3. Enrol a master fingerprint first; the app then lets you add codes and guests.

4. Status light

Keypad white: ready.

Keypad red flash three times: wrong code or unrecognised print.

Keypad amber: battery under 20 percent.

5. Power and battery

Door Lock Pro: Rechargeable 5,000 mAh pack, about 4 months; a 9 V battery on the exterior contacts gives emergency power.

6. Troubleshooting

Door Lock Pro — Fingerprint fails in the rain. Wipe the sensor and the finger; enrol the same finger twice from different angles.

Door Lock Pro — Keypad locks out. After 5 wrong codes the keypad disables for 60 seconds; use the app or a key.

Door Lock Pro — Wi-Fi drops daily. Built-in Wi-Fi is 2.4 GHz only; disable band steering on the router.

7. Error codes

Door Lock Pro error LP-02: Fingerprint sensor fault — clean with a dry cloth; replace if persistent.

Door Lock Pro error LP-05: Keypad tamper detected — the lock records the event and disables the keypad for 5 minutes.

8. Factory reset

To factory reset the Door Lock Pro: Hold the interior reset button for 8 seconds until the keypad flashes red, then enter the master code.

9. Warranty and compatibility

The Door Lock Pro carries a two-year standard warranty covering manufacturing defects, from the delivery date. Unwanted returns follow the Aria Home returns policy: 14 days from delivery for the Door Lock Pro (security devices have a 14-day window). Damage caused by the customer is handled as a warranty repair, not a refund.

Works with: Aria app, Google Home, Amazon Alexa, Apple Home.
